FOOTBALL AGENCY PROFILE

ABOUT

JCC Football Ltd. was founded by John Cuthbert Chandiyamba, a British-Malawian citizen born in 1984. He grew up playing football in Malawi and relocated to the UK over 20 years ago, where he played for both college and university teams.

John has always had a passion for the game and has coached the Under-14 and Under-16 girls' teams at Hereford Football Development during the 2023-2024 season. In 2024, he decided to become a FIFA licensed agent, representing footballers, coaches, and administrators within the industry.

The services offered by JCC Football Ltd. are exceptional, as John is also a qualified chemist with a Quality Management Qualification (ISO 9001). His educational background has equipped him with the skills necessary to excel as a quality analyst in his career. The transferable skills he has gained over the past 15 years set him apart from his competitors.

At JCC Football Ltd., we prioritize quality and safety without compromise.
